THE THIEVES

10:30 tonight at Subterranean, 2011 W. North

Three English lads from Oxford, now living in Los Angeles, fuse the best of English pop with gut-busting California rock. Their EP, "The White Line," is a fine sample of the trio's work that should translate just fine in a live performance. Also on the bill: Electric Eel Shock and Twin Wrecks the Memory. **Tickets, \$8. Call (773) 278-6600.** — Mary Houlihan
